Examines Allied intelligence and counter-intelligence operations during World War II, describing the cipher machine used to break German codes and the tactics, ruses, and deception employed to ensure the successful invasion of Normandy.

It provides the full story behind Churchill's agonizing decision not to warn the city of Coventry that it was about to be destroyed, and follows the deadly cat-and-mouse games between Allied agents in France and the Gestapo, the near fiasco of Montgomery's "double," who could not be kept sober, and the heroic but doomed efforts of the anti-Hitler German underground to eliminate the Fuehrer, including the role of the chief of the German intelligence service in passing secrets over to the British. These and many more explosive stories, of code-breakers and deceivers, of plots and ruses at the highest and lowest levels, make up the tapestry of this monumental book.

The long-awaited final volume of William Manchester's legendary biography of Winston Churchill. Spanning the years of 1940-1965, The Last Lion picks up shortly after Winston Churchill became Prime Minister-when his tiny island nation stood alone against the overwhelming might of Nazi Germany. The Churchill conjured up by William Manchester and Paul Reid is a man of indomitable courage, lightning-fast intellect, and an irresistible will to action. The Last Lion brilliantly recounts how Churchill organized his nation's military response and defense, compelled FDR into supporting America's beleaguered cousins, and personified the "never surrender" ethos that helped the Allies win the war, while at the same time adapting himself and his country to the inevitable shift of world power from the British Empire to the United States. More than twenty years in the making, The Last Lion presents a revelatory and unparalleled portrait of this brilliant, flawed, and dynamic leader. This is popular history at its most stirring.
