The topic of this bibliography in its broadest sense is the subject of a wide range of academic disciplines. Given these circumstances, the particular associations and connotations of the terms 'transfer' and 'interference' in each of these areas are legion, with resultant differences in meaning in the disparate literature on these subjects. And yet it is, in one way or another, contact and interaction of languages in the speaker/hearer and learner, in language acquisition contexts, as well as in society in general, which is basic to these two concepts throughout the various disciplines. The discovery of this basic unitary notion

is surely one of the reasons for the new interest in these phenomena. In light of all this, a bibliography cannot at present avoid being highly/ selective in order to demarcate an interdisciplinary area of research in its own right and with its own status. The establishment of such an area is one of our main aims. The focus of interest in this bibliography, admittedly, is directed towards the psycholinguistics of language contact and interaction.

Contrastive Linguistics, roughly defined as a subdiscipline of linguistics which is concerned with the comparison of two or more (subsystems of) languages, has long been associated primarily with language teaching. Apart from this applied aspect, however, it also has a strong theoretical purpose, contributing to our understanding of language typology and language universals. Issues in theoretical CL, which also feature in this volume, are the choice of model, the notions of equivalence and contrast, and directionality of descriptions. Languages used for illustration in this volume include English, German, Danish, and Polish.

The Routledge Handbook of Educational Linguistics provides a comprehensive survey of the core and current language-related issues in educational contexts. Bringing together the expertise and voices of well-established as well as emerging scholars from around the world, the handbook offers over thirty authoritative and critical explorations of methodologies and contexts of educational linguistics, issues of instruction and assessment, and teacher education, as well as coverage of key topics such as advocacy, critical pedagogy, and ethics and politics of research in educational linguistics. Each chapter relates to key issues raised in the respective topic, providing additional historical background, critical discussion, reviews of pertinent research methods, and an assessment of what the future might hold. This volume embraces multiple, dynamic perspectives and a range of voices in order to move forward in new and productive directions, making The Routledge Handbook of Educational Linguistics an essential volume for any student and researcher interested in the issues surrounding language and education, particularly in multilingual and multicultural settings.
