The most common of these are. Fixing finish cracks. Repairing dings and scratches that are severe and go through the finish to the wood. Filing worn frets: If frets start to develop grooves or crevices, they need a pro to file or replace them.

Guitar Repairs You Shouldn't Attempt Yourself - dummies

She worked at Retrofret Guitars for six years, four of them as Head of Repair. While she was there, Mamie worked on instruments for musicians and characters as well known as Jack White, Bill Frisell, and Walter Becker, but she still finds her work most personally fulfilling when working for local musicians whose names are a bit less recognisable.

Brooklyn Lutherie

When this happens, there is a simple solution. Instead of shelling out \$15 for a new guitar cable, drop by Home Depot and check out their electrical department. Grab a tin of electrical contact cleanser for \$2.00 and keep the \$13 you have just saved for something else.
