This IB Math study guide is a great start, but you may need to supplement with outside tutoring, too. Only studying right before the IB Math SL/HL papers: As I said before, there are too many topics for both courses to master in only a few weeks (that's why these courses are spread out over a couple of years!). This is why it's so important that you master the subjects when you're learning them in class.

The Best IB Math Study Guide and Notes for SL/HL

2 Mathematics HL guide Introduction The Diploma Programme The Diploma Programme is a rigorous pre-university course of study designed for students in the 16 to 19 age range. It is a broad-based two-year course that aims to encourage students to be knowledgeable and inquiring, but also caring and compassionate.

Further mathematics HL guide - IB Documents

The IB Mathematics curriculum change is significant. The 4 current subjects (Studies, SL, HL & Further) are being replaced by two "routes" that can be taken at either a Standard Level (SL) or Higher Level (HL). The two routes are "Analysis & Approaches (AA)" and "Applications & Interpretations (AI)". This creates 4 brand new subjects: AA SL, AA HL, AI SL, AI HL.

Here, we give you the complete list of all Standard Level (SL) and Higher Level (HL) IB classes. Every IB school is different, so your own school might not offer all the IB courses below. However, these are all the classes the IB has created a curriculum and test for. There are in total 57 classes (counting HL and SL separately).

The Complete List of IB Courses and Classes

The IB recommends 240 teaching hours for HL subjects and 150 hours for SL. Subjects at HL are studied in greater depth and breadth than at SL. At both levels many skills are developed, especially those of critical thinking and analysis. At the end of the course, students' abilities are measured by means of external assessment.

Mathematics: analysis and approaches guide

NCAA. Learning Recommendation: "B" or higher in both semesters of MTH402 - Pre-HL Math. General Description: IB Math Analysis and Approaches HL 1 (IB Math HL 1) is the second of three consecutive years of math that prepares students to sit for the IB Math Higher Level (HL) exam in May of their senior year. This multi-year course meets the needs of students who have a passion for math and a strong interest in pursuing a STEM major.

MTH649 - IB Math Analysis and Approaches HL 1

Ib Math HI Study Guide

Improved by 3 points! I took the Biology SL and Math Studies revision courses, for biology I received a 4 on my diploma, which was my goal for that subject. For math I received a 5 on my diploma which I was very happy with. This means that I went up by three points for math between my mock exams and my final exams, and went up one point for biology, so indeed I am very grateful for the revision course!
