Maintaining Johnson/ Evinrude 9.9 & 15 hp outboards 1974 – 1992 (Engine Troubleshooting) I am sure that sometime you may acquire a motor, or be asked to help with one that has sat for some time & or possibly will not start. This section will deal basically with getting a motor running, & not fine tuning it, as that is covered on the "Normal Repairs" article. Here will be my suggestions as to ...

The history of the creation of Johnson motors - this, one can say, is the history of outboard engines in general. The youth of the beginning of the century simply "hurt" universal motorization, and the Johnson brothers from the American state of Indiana were no exception. Their first outboard appeared in 1908. Having gained credibility with the production of stationary power plants for ...

The aim of this book, with its superb step by step photographs and detailed diagrams is to enable every owner to understand the workings of an outboard motor (2 or 4 stroke) and be able to fix it with relative ease. It includes: an explanation of the different parts that make up the engine and how they interact; how fuel is transformed into propulsion; regular maintenance and repair worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence; the most common causes of breakdown; troubleshooting tables to allow you to diagnose and fix the most common engine problems and advice on how to winterize your outboard in one short afternoon. After reading this book, your outboard will no longer be a potential bother to you but an ally for better boating.
