~~Kundalini Yoga Meditation for Complex Psychiatric~~

Yogis such as Muktananda consider that Kundalini can be awakened by shaktipat (spiritual transmission by a Guru or teacher), or by spiritual practices such as yoga or meditation. [23] The passive approach is instead a path of surrender where one lets go of all the impediments to the awakening rather than trying to actively awaken Kundalini.

~~Kundalini Yoga Meditation for Complex Psychiatric~~

Kundalini Meditation. This spiritual practice is the final form of kundalini yoga having a systemized mediation practices. The preliminary focus of kundalini meditation is on the concentration of the mind. The aspirant is guided to awaken the kundalini by balancing the Ida and Pingala Nadis that are being spiraled around the Sushumna Nadi. On vitalizing the prana energy, the kundalini energy rises and pierce through the different levels of chakras.

~~Difference Between Kundalini Yoga and Kundalini Meditation~~

In more modern terms, yoga and mindfulness emphasize a healthier way to cope with triggers and deal with emotions you may have been avoiding. Personally, I have found that Kundalini yoga slaps all your truths right in the face. Your pain is fully revealed, and you can lean into it as you are going through a kriya that lasts for minutes at a time. When you're in the middle of an exercise that seems physically impossible, you can let your mind take over and make the experience worse.

~~How Kundalini Yoga can Fast Track our Addiction Recovery~~

Kundalini Yoga is a precise science that works with the glandular and nervous systems, the physical body, chakras and energetic fields, in efforts to align body, mind, and soul. The practice of Kundalini Yoga includes exercise sets (called kriya), meditations, chants (mantra), and breathing exercises (pranayam).
