Eric Dean | CEO, Whereoware. “This simple and compelling book is a gift to those of us who have wrestled with the relationship between simple ideas and the complexity inherent in a modern enterprise. Managing and growing a business is a hard thing, with progress often hindered by unseen forces. Finally, we have a guide that introduces system thinking, thereby demystifying the management process and helping you see your entire situation and a clear path forward.”.

?Managing in the face of complexity should be guided by three key principles: decentralised, collaborative and adaptive management. ?A selection of appropriate approaches illustrates how these principles can be applied in practice. At the end, the guide provides readers with further resources on the subject.
