This book teaches: Who's who on a theatrical production team What is needed to know about technical theater and why What to look for when choosing a space for a show How to communicate with lighting, scenery, audio, and costume designers How to stage manage an effective show or presentation Covering both traditional and digitally supported backstage environments, this book is an essential guide for working with every technical aspect of theater! Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

The Technical Brief is a collection of single-focus articles on technical production solutions, published three times a year by the prestigious Yale School of Drama. The primary objective of the publication is to share creative solutions to technical problems so that fellow theatre technicians can avoid having to reinvent the wheel with each new challenge. The range of topics includes scenery, props, painting, electrics, sound and costumes. The articles each describe an approach, device, or technique that has been tested on stage or in a shop by students and professionals. Some articles included are: Building Authentic Elizabethan Ruffs; Simple and Inexpensive Stained Glass; A Quick-Load Floor Pulley Design; A Simple Approach to Stretching Drops; Flexi-Pitch Escape Stairs; Spot-Welding Scrim with Sobo; Handrail Armatures for a Grand Staircase; The Triscuit-Studwall Deck System; A Frameless Turntable; Stand on Stage: Minimum Weight, Maximum Effect; A Self-Paging Cable Tray; Roller Chain Turntable Drives; A Bench-Built XLR Cable Tester

The first book-length study in any language of the presence and influence of Mei Lanfang, the internationally known Chinese actor who specialized in female roles on the twentieth-century international stage. Tian investigates Mei Lanfang's presence and influence and the transnational and intercultural appropriations of his art.

This comprehensive guide, from the author of Acting in Musical Theatre, will equip aspiring directors with all of the skills that they will need in order to guide a production from beginning to end. From the very first conception and collaborations with crew and cast, through rehearsals and technical production all the way to the final performance, Joe Deer covers the full range. Deer's accessible and compellingly practical approach uses proven, repeatable methods for addressing all aspects of a production. The focus at every stage is on working with others, using insights from experienced, successful directors to tackle common problems and devise solutions. Each section uses the same structure, to stimulate creative thinking: Timetables: detailed instructions on what to do and when, to provide a flexible organization template Prompts and Investigations: addressing conceptual questions about style, characterization and design Skills Workshops: Exercises and 'how-to' guides to essential skills Essential Forms and Formats: Including staging notation, script annotation and rehearsal checklists Case Studies: Well-known productions show how to apply each chapter's ideas Directing in Musical Theatre not only provides all of the essential skills, but explains when and how to put them to use; how to think like a director.
