Today in Technology: The Top 10 Tech Issues for 2019

Iron Triangles and Techno-Feudalism. One of the consequences of Iron Triangles is oligarchy, and decisions being made in the interest of a ruling clique, and not in the national interest. The problem when governance, regulation, and taxation is weak, and special interest groups that are supposed to be governed, regulated, and taxed grow over-powerful, is what we are calling techno-feudalism.
