This book couples *The Butcher*, a shocking, poetic, and sensual portrayal of an intense summer love affair, with Reyes' second novella *Lucie's Long Voyage*, which also features her irresistible blend of sensual earthiness and dreamlike imagery. "Nothing short of staggering . . . an erotic tour de force"--*The London Standard*.

"Thirty years ago, police chief Edward Shank hunted down and killed the most notorious serial killer in Seattle's history: the Beacon Hill Butcher. Now, eighty years old and retired, Edward is giving up his Victorian home to his grandson Matt, an aspiring chef. While Matt is renovating it, he stumbles upon a gruesome cache. Matt must decide whether he should ignore the sinister secret, go to the police, or take matters into his own hands. And his family's past is feeding disturbing changes in himself as well... Sam, his girlfriend, believes that her mother may have been killed by the Beacon Hill Butcher - even though the murder took place two years after Edward Shank gunned down the killer. But Sam's search is bringing her too close to the truth... and right into the path of Matt's terrible secret"-- Back cover.

Set in Georgian London, the dark and twisted tale of a young girl who determines to take her destiny into her own hands—no matter the cost. London, summer 1763. At nineteen, Anne Jacob is awakened to the possibility of joy when she meets Fub, the butcher's apprentice, and begins to imagine a life of passion with him. The only daughter of well-to-do parents, Anne lives a sheltered life. Her home is a miserable place. Though her family want for nothing, her father is uncaring, her mother is ailing, and the baby brother who taught her to love is dead. Unfortunately her parents have already chosen a more suitable husband for her than Fub. But Anne is a determined young woman, with an idiosyncratic moral compass. In the matter of pursuing her own happiness, she shows no fear or hesitation. Even if it means getting a little blood on her hands. A vivid and surprising tale, *The Butcher's Hook* brims with the color and atmosphere of Georgian London, as seen through the eyes of a strange and memorable young woman.

This novel is a frank and vivid account of sexual awakening. A young woman spending her summer holiday in a seaside town is drawn towards an inevitable sexual encounter with the butcher she is working for. This volume also contains the stories *Lucie's Long Voyage* and *The Fatal Bodice*

Winner of the Ondaatje Prize for 2021. The first novel truly to capture the story of Ireland during the BSE crisis, shown through the small, deeply intimate stories of four people caught up in its churn.

The Edgar Award–winning novel by the “master of nail-biting suspense”(Los Angeles Times) Thomas Perry exploded onto the literary scene with *The Butcher's Boy*. Back in print by popular demand, this spectacular debut, from a writer of “infernal ingenuity” (*The New York Times Book Review*), includes a new Introduction by bestselling author Michael Connelly. Murder has always been easy for the *Butcher's Boy*—it's what he was raised to do. But when he kills the senior senator from Colorado and arrives in Las Vegas to pick up his fee, he learns that he has become a liability to his shadowy employers. His actions attract the attention of police specialists who watch the world of organized crime, but though everyone knows that something big is going on, only Elizabeth Waring, a bright young analyst in the Justice Department, works her way closer to the truth, and to the frightening man behind it. Praise for *The Butcher's Boy* “A stunning debut . . . a brilliantly plotted thriller.”—*The Washington Post* “A shrewdly planned and executed thriller.”—*The New York Times Book Review* “Thomas Perry has hit the mark.”—*Houston Chronicle* “Totally enthralling.”—*The New Yorker*

In his National Book Award–winning novel *Augustus*, John Williams uncovered the secrets of ancient Rome. With *Butcher's Crossing*, his fiercely intelligent, beautifully written western, Williams dismantles the myths of modern America. It is the 1870s, and Will Andrews, ?red up by Emerson to seek “an original relation to nature,” drops out of Harvard and heads west. He washes up in *Butcher's Crossing*, a small Kansas town on the outskirts of nowhere. *Butcher's Crossing* is full of restless men looking for ways to make money and ways to waste it. Before long Andrews strikes up a friendship with one of them, a man who regales Andrews with tales of immense herds of buffalo, ready for the taking, hidden away in a beautiful valley deep in the Colorado Rockies. He convinces Andrews to join in an expedition to track the animals down. The journey out is grueling, but at the end is a place of paradisaical richness. Once there, however, the three men abandon themselves to an orgy of slaughter, so caught up in killing buffalo that they lose all sense of time. Winter soon overtakes them: they are snowed in. Next spring, half-insane with cabin fever, cold, and hunger, they stagger back to *Butcher's Crossing* to ?nd a world as irremediably changed as they have been.

In it, for one more kill. Just when you thought the killing was over, a new butcher arrives in town. A young boy in an abandoned warehouse. A young man with Down Syndrome behind the arcade. A teenage boy in the woods. A homosexual girl in a motel. All these murders are familiar...but are they? While Derick is trying to navigate his new love life with Kimberly, the copycat Butcher killer drives him to drink, especially when the killings seem tied to the sweet family that lives next door to him, and the killings just don't stop. He feels hopeless as *The Butcher* eludes him and the relationship with the only family he has becomes strained. Thank God he has Kimberly beside him to see him through this mess. By International Bestselling Author Sian B. Claven

A collection to make you laugh, cry, and sit you by a fireplace of the mind. You will not get torched, but well roasted. There is Stuart who likes nothing more than a bloody rare steak yet insists on accompanying his friends on a

fishing trip. There is Sams who leaves work one afternoon and finds himself no longer part of this Earth but instead finds himself in an intellectually rather frightening disposition. And then there is a tennis game that puts comical heads together, bringing out the players' best and worst 'swings' for one last big set. Do not forget Guenther, the monkey that outdoes all laboratory primates and that fortunately to this day, still resides in a tropical forest somewhere. And last, you will meet Joaquin, a Mediterranean artist long gone now, yet still alive as he ever was, brushed deep in one's memories. Together, these characters and more, create snapshots of the crazy and sad world they live in. We too, are part of that world, and we too, are invited to meet them.

A comprehensive, easy-to-use guide to everything you need to know about selecting, butchering, preparing, and cooking every kind of meat, including beef, pork, lamb, poultry, and wild game.
