philosophy were flourishing, so too were darker practices, from murder-for-hire to prostitution. However, despite popular parallels between families like the Borgia and the Medici and the Mafia, there has been little systematic examination of the presence of organised crime in the era. In this short and lively essay, Mark Galeotti rereads and occasionally reinterprets the rich secondary literature to introduce a cast of corrupt princes, bandit chieftains, professional assassins, human traffickers, thugs and conmen and suggest that there were signs of the early beginnings of organised criminality in the towns and cities of late medieval and Renaissance Italy. An historian and political scientist, Mark Galeotti is Professor of Global Affairs at New York University.

An anthology of writings from the Renaissance, including history, biography, essays, memoirs, poetry, religious works, and more.

The Norton Library edition of Rousseau's Discourse features an inviting and readable translation by Julia Conaway Bondanella that makes the text accessible to the modern English reader while faithfully preserving the power and clarity of Rousseau's voice and style of argumentation. A thorough introduction by Frederick Neuhouser--"one of the most brilliant philosophical readers of Rousseau that we have" (Christopher Brooke)--provides historical and intellectual context for the Discourse and its major arguments. Annotations
