Construction Site in this irresistibly kid-friendly read-aloud about a little taco truck that is having trouble finding a place to park. Little Taco Truck serves up tasty treats to the hungry workers on Union Street . . . until one day, Miss Falafel shows up with her baked pita bread and crunchy chickpea fritters--and parks in his space. The next day, Miss Falafel is there again, and this time she's brought Gumbo Jumbo and Annie Arepas with her. Little Taco Truck's headlights dim. What if people like Gumbo Jumbo's spicy stew and Annie Arepas's warm cornbread cakes more than they like his tacos? When more trucks arrive the following day and there's no space left for Little Taco Truck, he swishes his wipers

out beyond traditional animation workflows and will often use multiple forms of animation in a single project. With the knowledge of 3D and 2D assets and the integration of multiple animation mediums into a single project, animators have a wealth of creative resources available for a project that is not limited to a specific animation medium, software package or workflow processes. Enhance a poignant scene by choosing to animate the scenic background in 2D while the main character is brought to life with 3D techniques. Balance the budget demands of a project by choosing to integrate a 2D or 3D asset to save time and expense. Choose which medium Hybrid Animation, learn the systematic

groundbreaking features was an incredibly influential group of women who fought for respect in an often ruthless male-dominated industry and who have slipped under the radar for decades. In *The Queens of Animation*, bestselling author Nathalia Holt tells their dramatic stories for the first time, showing how these women infiltrated the boys' club of Disney's story and animation departments and used early technologies to create the rich artwork and unforgettable narratives that have become part of the American canon. As the influence of Walt Disney Studios grew -- and while battling sexism, domestic abuse, and workplace intimidation -- these women also fought to transform the way

creating and animating cutout characters in Toon Boom Animate. Author Tony Ross shows how to use the Toon Boom toolset to create cutout characters, and explains how to leverage a few rules of traditional animation to help bring the characters to life. He shows how to create mouth shapes for dialogue, add realistic eye movement, and animate a full cycle. The final chapter shows how to create foreground and backgrounds for your character and export a simple, animated scene.
